

## Owners Authorized Representative

### PROJECT SUMMARY

JSM & Associates was engaged as the OAR to manage the design and construction of the check baggage inspection system (CBIS) at Greenville-Spartanburg Int'l Airport.

As the OAR, JSM managed, oversaw and coordinated all facets of the pre-construction, bid and award, construction, and close-out phase of all assigned projects. Reviewed pre-construction documents and submit comments to designer as necessary.

JSM also Managed both the project budget and schedule to meet the Airport's qualitative standards; monitor the project budget on a monthly basis and ensure that the budget accurately reflects the project status / progress.

### PROJECT FEATURES

- Oversight of the BHS contractor to insure full compliance of construction documents and TSA's PGDS
- Oversight of the BHS contractor to insure ingress and egress for the CBIS for the construction, testing, operations and maintenance of the CBIS
- BHS contractor and its subcontractor complies with all local, state and federal permitting and proper licenses
- Provide monthly status report required by the TSA, Oversight for the red-line as-build drawings
- Generate punch list and manage completion
