

Denver International Airport Denver, CO

BHS Operations and Maintenance Services

Program Summary

JSM Airport Services was awarded the Preventive / Corrective Maintenance Contract for the Baggage Handling System inclusive of ticket counters, Checked Baggage Inspection System (CBIS), Checked Baggage Reconciliation Area and outbound sortation subsystems at DEN.

JSM's experience at successfully keeping other large hub airports operational during recapitalizations and optimizations was viewed as an essential capability for their chosen O&M provider as DEN has embarked on an aggressive schedule of major BHS projects. **JSM is supplying O&M services for over 5000 BHS assets at DEN.**

DEN, the fifth busiest airport by total passenger boarding, operates around the clock 365 days a year. The Airport serves more than 61 million passengers annually, supported by more than 9 miles of baggage conveyor, and processing 63,000 bags / day.

Program Highlights

- ✓ Ensuring the continuance of the manufacturer's warranty of the baggage handling system
- ✓ Providing the client with a customized, Computerized Maintenance Management System
- ✓ Daily, weekly, monthly scheduled services, from which the operators benefit from a clean, safe, and functional BHS/PBB
- ✓ Monthly safety and functionality checks on all systems
- ✓ Providing 24-hour 7-day a week experienced, reliable, factory and OSHA trained technicians
- ✓ Providing additional in-house services with our broad range of BHS specialists that CCD would otherwise have to solicit from outside suppliers at a much higher rate
